Filtration

ProSpare

POWDER PROCESSING EQUIPMENT

ProSpare supply a market leading range of filters incorporating unique high efficiency conical cartridges which offer distinct advantages over traditional filter elements. The conical design reduces dust approach speed and promotes more effective media cleaning to extend cartridge life. A hollow cone reverse jet cleaning action removes dust more efficiently. ConicalAir Filters have a proven track record of delivering superior performance for lower operating costs and simpler maintenance.

ConicalAir CSV Silo Venting Filter

Low running costs and minimal maintenance

Safe and exceptionally strong

Easy disposal media with reusable cartridge inner core

Small footprint ideal for silos with restricted space

Full EPA compliance

ConicalAir CDX Mixer Extraction Filter
